STATUS ANIMARUM ONLINE SUBMISSION

July 7, 2015

Dear Father/Administrator/ Business Manager,

Since 1971, the Archdiocese of Chicago has collected status animarum counts on a fiscal year basis. Last year we implemented a new electronic submission format for the Status Animarum. The process went well and we will continue with online submission.

Please use this link: <http://rpforms.archchicago.org> to take you to the page where you can enter your parish's population and sacramental data. Once you complete filling in the information, click submit. You will receive a confirmation email showing your submission.

Please submit your Status Animarum data by **Friday, August 14.**

You may also forward this information to whoever is responsible for your Status Animarum submission.

We hope that you continue to find the online format easier. However, if you should have any problems, please contact Stephanie Hari at 312-534-5331 or shari@archchicago.org.

Thank you.

A handwritten signature in black ink, appearing to read "Tim Weiske".
